Tony, I would have your water subject matter expert go to Austin tomorrow... he can coordinate with our ESF-10 contact, Mike McAteer, who is at the State EOC working with the TCEQ emergency response people there...

I agree your person would be best served to go to TCEQ in Austin and work with our water team there on the water/wastewater facility contacts...

Mike's information is...

Mike McAteer

EPA Region 6, OSC

214-354-9371

Mcateer.mike@epa.gov

With Regards, Steve
